

Swing gate:

IID-SWM1000

This heavy duty swing gate opener can handle the 1000kgs/wing, or max 5m/wing big gates. Even under the big wind pressure, the AC motor can output the continuous force against the wind. It is an ideal product for solid and heavy gates.

IID-SWM1000

Features:

- * Ideal for swing gates of different sizes: 2 to 5 m in length per leaf.
- * Quick, easy installation even where space is limited by the presence of walls or fences.
- * Strong motorized driving screw, guarantee steady operation
- * Mechanical limit switch, the opening angle adjusted inside the cover of motor
- * In case of power failure, the gate can be opened and closed manually by release clutch
- * The battery can remain on working for 6 hours (DC motor)
- * Soft start and stop, ensuring safety and reliability.

Technical parameter:

Specifications	IID-SWM1000
Gate width/leaf (m)	2~5
Gate weight/leaf (kg)	400~ 1000
Power supply(V)	120/230 AC
Power(W)	150
Revolution(rpm)	1400
Stroke length (mm)	500
Max cycles/hour	40
Limit switch	Mechanical
Noise(dB)	≤56
Protection (IP)	44
Environment temperature(℃)	-45~ +65
